Subject: Acceptance of Eurofins Product Service GmbH

Dear Mr Kschiwan-Kaspar,

Following a review of the application and the beacon test reports submitted by Eurofins Product Services in accordance with the Cospas-Sarsat standard C/S T.008 "Cospas-Sarsat Acceptance of 406 MHz Beacon Type Approval Test Facilities", the Cospas-Sarsat Joint Committee, in June 2008, determined that all requirements of document C/S T.008 had been met and recommended that the Council confirm the acceptance of Eurofins Product Services GmbH as Cospas-Sarsat accepted test facility.

I am pleased to inform you that the Cospas-Sarsat Council at its 41st Session in October 2008 has confirmed the acceptance of Eurofins Product Service GmbH for the purpose of testing 406 MHz beacons for Cospas-Sarsat type approval.

This acceptance allows Eurofins Product Services GmbH to perform Cospas-Sarsat type approval testing in accordance with the requirements of the document C/S T.007 "Cospas-Sarsat 406 MHz Beacon Type Approval Standard" and prepare reports for consideration by the Cospas-Sarsat Secretariat.

On behalf of the Cospas-Sarsat Council, I congratulate you for this achievement and wish Eurofins PS many years of productive and beneficial cooperation with the Cospas-Sarsat Programme.

Yours sincerely,

Daniel Levesque,
Head of Secretariat
International Cospas-Sarsat Programme
