

CONFIRMATION OF THE GERMAN DESIGNATING AUTHORITY REGARDING

**DESIGNATION OF A CONFORMITY ASSESSMENT BODY (CAB) FROM THE FEDERAL
REPUBLIC OF GERMANY PURSUANT TO A MUTUAL RECOGNITION AGREEMENT
BETWEEN THE EUROPEAN UNION AND THE UNITED STATES OF AMERICA**

1. Name of CAB, Address, Telephone, Fax, E-mail, Contact Person(s):

Eurofins ETS Product Service GmbH ¹⁾	Contact:	Mr. Jörg Kusig
Storkower Strasse 38c	Phone:	+49 33631 888 700
D-15526 Reichenwalde	Fax:	+49 33631 888 640
	e-Mail:	joergkusig@eurofins.de
GERMANY	Internet:	www.ets-ps.com

¹⁾ Legal successor of ETS Product Service AG, Storkower Str. 38 c, 15526 Reichenwalde

2. References:

EU-USA MRA, Sectoral Annex for Telecommunications Equipment
EU-USA MRA, Sectoral Annex for Electromagnetic Compatibility (EMC)

3. Scope of Designation:

Electromagnetic Compatibility:	47 CFR Parts 15 and 18
Telecommunications:	Scopes A1, A2, A3, A4, B1, B2, B3, B4, C

4. Period of Validity of this Designation:

22 January 2007 – 21 January 2009 (third period of validation since 22 January 2003) with annual reviews (according to German Ordinance (AnerkV) and RegTP Announcement (No. 98/2003))

5. Technical Qualifications of the Conformity Assessment Body:

Notified Body R&TTE (Directive 1999/5/EC)	EU 0681
Notified Body EMC (Directive 2004/108/EC)	EU 0681
FCB acc. to the MRA EC-Canada	BNetzA-CAB-07/22-54
Accr. Test Lab for Telecom/Radio/EMC/...:	DAT-P-268/08-00
plus others	...

6. Designation Procedure used to determine the competence of the proposed CAB to apply conformity assessment requirements and procedures identified in the legislative, regulatory and administrative provisions in the USA:

Eurofins ETS Product Service GmbH was on-site assessed by the Federal Network Agency on 27 and 28 February 2008 by Mr Theo Metzger and Franz Müller, assisted by Mr Gerald Schmidt (Federal Network Agency EMC and Radio technical expert), to conform with all requirements as laid down in the FCC Certification Process on Telecommunication and the FCC Declaration of Conformity Process on EMC aspects.

EN 45011:1998 (ISO Guide 65:1996) accreditation/designation is valid (see § 5 above). ISO/IEC 17025 testing lab accreditation is valid (assessment by DATech on 24 Sept. 2007) - accreditation certificate see § 5 above.

The Federal Network Agency has assessed the Quality Management System, procedural instructions, working procedures and checklists. The QMS contains the TCB process incl. the description of post-certification audits.

The results of the assessments are laid down in assessment reports.

7. Tasks to be performed by Eurofins ETS Product Service GmbH as CAB with regard to the USA market:

FCC Declaration of Conformity Process on EMC aspects of all products addressed by Parts 15 and 18 of the FCC rules;

FCC Certification Process on Telecommunication products applying the TCB procedure.

8. Signature of Designation Authority:

Signature:

Date: 14 March 2008

Hans Meierhofer
Head of Section 4,
on behalf of the President of the
Bundesnetzagentur
